## What's In The Box

.....

- 10 port charging unit with LEDs indicating charging in process or complete
- UL listed AC adapter
- 5 iPhone/iPad Lightning Connector batteries 3000mAh each with remaining capacity LED indicator
- 5 Micro USB Connector batteries 3000mAh each with remaining capacity LED indicator
- VESA wall mount ready
- Kensington Lock ready

.....

## Technical Information

.....

- Charger Input: 110V AC, 50/60Hz Output: DC 4.3V, 10A
- Charger Operating Temperature: 0C – 45C
- Battery: 3000mAh, 3.62V / Input: DC 4.2V, 1.8A / DC 5V, 2.1A
- Battery Operating Temperature: -20C – 60C
- Charging time: < 2 hours
- Weight: 2.1 lbs
- Regulatory Standards: CE, FCC, KCC
- Size: 5.0 in x 8.5 in x 1.5 in

## IMPORTANT PRODUCT + SAFETY INSTRUCTIONS

.....

- Failure to operate this product in accordance with all instructions could result in injury to yourself or others or damage to the product or other property.
- Do not disassemble, modify, crush, bend, deform, drop, puncture, shred, microwave, incinerate, or paint RAP Charge. ANY DAMAGE OR MALFUNCTION CAUSED BY WATER IS NOT COVERED UNDER WARRANTY.
- Do not insert foreign objects into any opening on RAP Charge such as the charging port.
- Do not use the RAP Charge if it has been damaged in any way for example a crack, puncture, or in contact with liquid.
- Touching internal parts could result in injury or exposure to shock and/or electrical or mechanical hazards. If your RAP Charge breaks and exposes internal parts, contact [support@rapcharge.com](mailto:support@rapcharge.com) for assistance.
- Batteries inside the product need to be charged before use. Always use the correct charger base unit.
- Battery fluid can cause serious burns to the skin and eyes. In the unlikely event that battery fluid leaks onto your skin, wash the affected area with plenty of water and seek medical advice immediately.
- Do not use RAP Charge near water. Clean only with a dry cloth.
